

LED Multi-Sensor Lamp

Features, Benefits, Performance

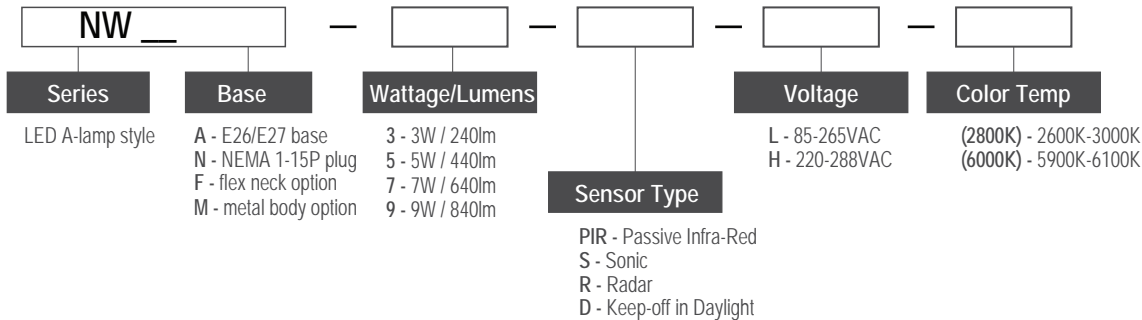

- High brightness LED chip
- High CRI>80Ra
- E27/E26 base or NEMA 1-15P plug
- 75% reduction in energy consumption
- 10,000 - 45,000 hr lifespan, depending on options
- Vibration and impact resistant
- No mercury allowing for non-hazardous waste materials
- Instant illumination, no flicker, no buzz
- Minimal UV emission
- All sensors have 60 second continuous reset
- Daylight sensor built-in (order without "D" to have disabled)
- 3 year warranty
- Choose any combination of infra-red, sonic, and/or radar sensors
- Available in high-voltage 220-288V (replace "L" with "H")
- Available in 3W, 5W, 7W, 9W (~85 lm/W +.1W sensors)

Standard Parameters

ORDERING INFORMATION:

Example: (NWA-F-5-PIR/R/D-L-(3000K))

Model	Wattage	Shape	Lumens	Voltage	CCT	CRI	PF
NWA-5-PIR/R/D-L (2800K)	5W	~A19	430-450lm	85-265VAC	2800K +/-200K	>80RA	>0.95
NWA-5-PIR/R/D-L (6000K)	5W	~A19		85-265VAC	6000K +/- 100K	>80RA	>0.95
NWAF-5-S/D-L (2800K)	5W	E27 w/ flex		85-265VAC	2800K +/-200K	>80RA	>0.95
NWAF-5-S/D-L (6000K)	5W	E27 w/ flex		85-265VAC	6000K +/- 100K	>80RA	>0.95
NWNF-5-R/D-L (6000K)	5W	1-15P w/ flex		85-265VAC	6000K +/- 100K	>80RA	>0.95

Trade Name aliases

All certifications are done under OEM manufacturer P/N XS-001-5W which will always appear on lamp housing. Depending on options ordered, product packaging may bear Trademark or Trade Names Besky, Bessky®,

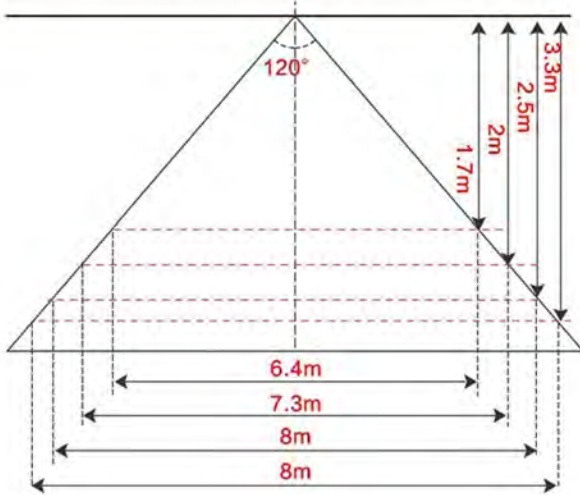

and product packaging may have a Trade Name P/N. The same driver and LED package is used in all models. The low-voltage sensor packages are modular and stackable, allowing for extremely low-cost and even allowing for field modification. Optional metal housing allow for longer life, damp rating, and use in enclosed fixtures. Standard thermoplastic housing requires airflow and minimizes materials, weight and costs.

Dimensions

Install Height: 3-5m

Sensing Distance: 6-8m

Packing

Pkg Weight	Q'ty/CTN	Dimensions (cm)	Gross Weight
.11kg	100pcs	50*45*30cm	10.5kg
