## R7S LED Lamp

## Standard Parameters

### ORDERING INFORMATION:

Example: ( **ATFR7S10WWWD** )

## Color Options

**Warm White**

Warm white light suitable to create a warm and sweet place like the shop, family, garden etc.

**Daylight White**

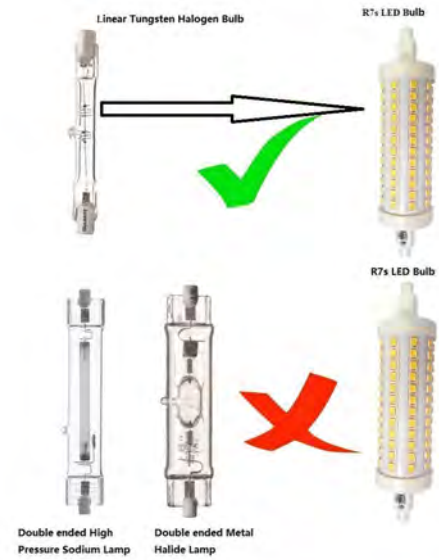

Daylight white has a higher lumen and color rendering, widely used in the our life.

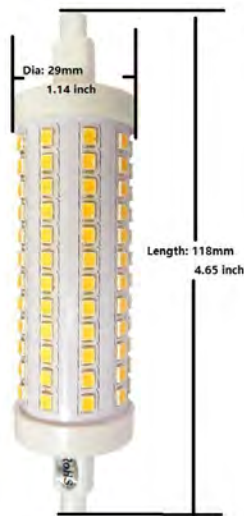

## Trade Name aliases

All certifications are done under OEM (Fusheng) P/N R7S-10W which will always appear on lamp housing. Depending on options ordered, product packaging may bear Trademark or Trade Names Bessky, Bonlux, La Farrah, or NWLE and product packaging may have a Trade Name P/N.

The same driver and LED package is used in all same wattage models. Optional metal housing allows for longer life, damp rating, and use in enclosed fixtures. Standard thermoplastic housing requires airflow and minimizes materials, weight and costs. Lenses standard in clear plastic, but available in glass.
